

June 11, 2018

Dear Mount Calvary Lutheran School Families:

Greetings! My name is Tasha Nicole Little and I would like to introduce myself as the new principal of Mount Calvary Lutheran School. It is an honor to have been chosen to serve as principal in a school recognized for focusing on the needs of children and providing a thoughtful, Christian education with strong instruction, pupil services, and leadership standards. I am looking forward to the prospect of helping further Mount Calvary Lutheran School's goal of teaching students the skills necessary for the future, as well as nurturing their gifts and talents to serve God's kingdom. As principal of Mount Calvary Lutheran School, my mission is to ensure that all students' academic, personal, and spiritual development needs are supported.

My goal in working with children has been to help develop gifts and talents for service to God, family, and the community. Therefore, over the last 18 years, I have served as a music educator and school counselor at the PK-12 levels in Milwaukee area schools and continued my education. Most recently, I served four years as school counselor at my alma mater, Milwaukee Lutheran High School. My undergraduate degree is in Music Education (Valparaiso University, Valparaiso, IN); my graduate degrees are in Education-Counseling (Concordia University Wisconsin) and Administrative Leadership (University of Wisconsin-Milwaukee, Principal and Director of Instruction focuses). These experiences have helped me build knowledge of the intricacies of education.

My family consists of my mother, Georgia, departed father, Willie, Jr., brother, Willie III and sister, Tiffany. I also have three wonderful nephews and two precious nieces. My church involvement has included church music ministry and education. In my spare time, I enjoy sharing time with my mother, visiting family, and traveling. As a Milwaukee native, I attended St. Peter-Immanuel Lutheran School and Milwaukee Lutheran High School. My parents were very dedicated Milwaukee Public Schools educators and I followed in their footsteps, professionally. My father also became an ordained Lutheran minister and served the congregations of St. Peter-Immanuel Lutheran Church and Mission of Christ Lutheran Church in Milwaukee.

My prayers are also with each of you this summer as you spend time in activities and reflection. I anticipate the 2018-2019 school year will be a special time for learning and growing in Christ. Also, feel free to contact me at Mount Calvary Lutheran School with any questions or concerns. I am eager for the opportunity to get acquainted with each of you.

In His Service,

Ms. Tasha N. Little  
Principal/Administrator
